

Heading: "Sprint 1 Report", Geocaching Social Media, CacheMe, 04/27/2023

- **Actions to stop doing:** Missing meetings.
- **Actions to start doing:** Attending meetings
- **Actions to keep doing:** Our team has good communication during meetings and when we have updates. We are also good at helping each other by sharing resources.
- **Work completed/not completed:**
Completed:
 - 1) As a user, I want to be able to interact with the app so that I can click through the UI.
 - 2) As a developer I want to be able to use Git so that I can collaborate with other devs on the same codebase.
 - 3) As a developer I need access to the database so that I can work with necessary data in building the app.
 - 4) As a user, I want to be able to log in so that I can access data tied to my account.
- **Work completion rate:**
Total number of user stories completed: 3
Total number of days during the sprint: 14 days
Total number of estimated ideal work hours completed: 20 hours
Actual hours of work completed: 10 hours (10 hours not accounted for is spent on just learning)
User Stories Per Day: ~0.1 user stories
Ideal Working Hours Per day: 1 hour per day

Hours Spent On Project Collectively
